

HighDent Quattro Plus

Veterinary Dental Unit

The HighDent Quattro Plus is a complete veterinary dental system. It is an ergonomic unit designed to help veterinarians work faster and easier, without fatigue. It includes a large shelf that offers space for all necessary tools, and the unit is easy to clean.

To best meet the needs of your veterinary facility, the Quattro Plus is sold as a customizable unit. When purchasing this unit you can choose the type of piezo scaler and the type of high speed handpiece. Piezo scaler options available are Piezo and LED Piezo. High speed handpiece options are Economic, Fiber Optic, and Air-Driven LED.
